

MORELL ENGINEERING JOB DESCRIPTION

POSITION:	Civil Engineering Intern- Summer 2025
JOB TYPE:	Full-time
WORK EXPERIENCE:	0-2 Years
EDUCATION REQUIREMENTS:	Sophomore, Junior or Senior status at an accredited college or university. Must be enrolled as a full-time student at the time of internship. Degree plan reflecting area of internship focus.

OVERVIEW:

Morell Engineering is seeking a highly motivated civil engineering student to complete a summer internship during the summer of 2025.

During the internship, the student will work alongside our engineering team as they work on real-life engineering projects.

Interested students should apply by sending an updated resume and cover letter to careers@morellengineering.com.

REQUIREMENTS:

- Must be in process of completing a BS from an accredited university in the field of Civil Engineering
- Must have completed sophomore year prior to summer 2025
- Detail-oriented team player with an ability to contribute to a positive work environment
- Strong communication leadership and technical skills

DUTIES AND RESPONSIBILITIES:

- Assist survey crews with various types of surveys
- Collect samples and conduct tests on freshly mixed concrete
- Conduct tests on in-place soils
- Perform lab tests on soil, concrete, and aggregate
- Provide engineers with technical support
- Responsibilities may change; team members may be required to perform other tasks as assigned
- Adhere to company work hours, policies, procedures and rules governing professional staff behavior
- Regular attendance required
